ARPA, Emilia Romagna,
Marshal's Office, Malopolska,
Province of Noord Brabant
South East England Development
Agency,
Stockholm Region,
Tallinn City Government

Program themes:

Energy Efficiency
Renewable Energy
Eco-Innovation and
Environmental Technologies
Sustainable Transport
Behaviour Change
Mainstreaming of Eu funds

Steps toward Regional Energy Plan

- Partners experience and preparation for reviewing and changing regional documents
- Missing in Małopolska – Energy Plan on regional level
- Technical consultation with a Swedish expert (Timber project) to have a clear, comprehensive methodology to be used for comparing different energy systems
- Region has appointed the strategic coordinator for all work stages: Małopolska Regional Agency for Energy and Environmental Management Ltd.

Steps toward Regional Energy Plan

- The structure consists:
 - Consultation Council – public-private sector
 - Energy companies such as: Tauron - dealing with electricity distribution, Skawina - combined heat and power station,
 - Universities – University of Science and Technology, Cracow
 - University of Technology, Polish Academy of Science.
- Consultaion Council is divided into:
 - The supporting team and Team working on document.
- What is already done: The diagnosis of the energy economy and assumptions of the Regional Energy Plan (RPE) for the Małopolska Region

The next steps: The balance of energy resource such as: Balance of natural resources and Balance of power installed also the energy balance for the region.

Steps toward Regional Energy Plan

IMPORTANT

All subprojects findings and results also will be included into the Regional Energy Plan findings and recommendations !!!

The action already undertaken due to Energy Plan for Region under POWER were showed during the first Energy Congress – the venue was also a final closing conference for POWER project in region

All stages will be finished – december 2012

Subprojects in Małopolska
